### 2005 Napa Valley Reserve Cabernet Sauvignon

Philip Zorn purchases fruit for this reserve from hillside growers in Oakville and Rutherford (65 percent), the balance coming from Diamond Mountain and Truchard's vineyard in Carneros. The blend produces a wine with intensity and pungent, forest floor scents. The fruit is juicy and rich, the tannins contrasting its sweetness with the savor of olive and plum skin. Luscious and tense with minerality, this is ready to drink with braised lamb.
